

# CSCI/ARTI 8950 Machine Learning

## Assignment Number 6: Due 4/23/2009 (in class)

### 1. [50 points]

Choose five of the research papers presented in class and provide a brief review for each of them (no more than one page each). Your review for each paper should include:

- Paper title
- Which machine learning technique was used in the paper
- What was the best thing you liked about the paper
- What was the worst thing about the paper
- How could you continue/extend the research described in the paper
