

CSCI/ARTI 8950 Machine Learning

Assignment Number 6: Due 4/23/2018 (in class)

1. [50 points]

Choose five of the research papers presented in class and provide a brief review for each of them (no more than half a page each preferred). Your review for each paper should include:

- Paper title
- Which machine learning technique(s) was/were used in the paper
- What was the best thing you liked about the paper
- What was the worst thing about the paper
- How could you continue/extend the research described in the paper
