CSCI/ARTI 8950 Machine Learning

Assignment Number 5: Due 4/26/2011 (in class)

1. [**50 points**]

   Choose five of the research papers presented in class and provide a brief review for each of them (no more than one page each, half a page prefered). Your review for each paper should include:

   - Paper title
   - Which machine learning technique(s) was/were used in the paper
   - What was the best thing you liked about the paper
   - What was the worst thing about the paper
   - How could you continue/extend the research described in the paper
